Fork Service

Fork services: *labor prices do not include necessary parts or oil*

Rebuild labor: \$75.00

Front fork is completely disassembled, cleaned, and thoroughly inspected. Worn parts are replaced and front fork is reassembled using genuine OEM parts and KYB 0-1 fork oil.

ReValve labor: \$165.00

After a rider interview to determine what modifications need to be done, the front fork is completely disassembled, cleaned and inspected. Worn parts are replaced, then modifications to the damping system are done based on our interpretation of what the rider needs. The front fork is reassembled using genuine OEM parts and KYB 0-1 fork oil.

Fork R&R from bike:	\$25
*Fork oil:	\$15
*Fork springs:	\$115
*Fork oil seals:	\$25
*Fork dust seals:	\$25
